

## Zoom Meeting Instructions

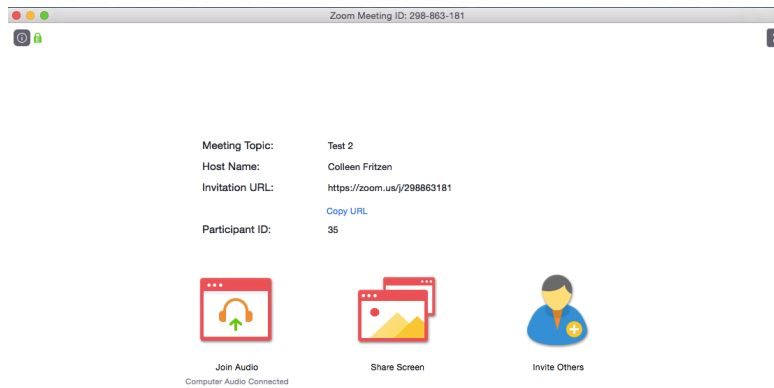

- You will receive a link to join a Zoom meeting. The link will be posted on the teacher's webpage, or the teacher may choose to email it to you.
- When you click the link, you will be taken to the Zoom meeting. (See image below) Click on "Open Zoom.us"

- If prompted, click "Zoom Launcher" to download the plugin for Zoom. You should only need to download this plugin the first time you try to access Zoom.
- Once you enter the meeting, you will see the screen below. You should join using your computer audio.

- Once you get to the main navigation screen, the icons are self-explanatory:

- The mute icon will mute the student so that the teacher and other participants cannot hear them.
- The Start Video icon will allow the teacher and all participants to see the student.
- The Invite icon should not be used by the student.
- The Manage Participant icon will allow you to see a listing of who is on the Zoom meeting.
- The Chat icon will allow the student to type a question or comment for the teacher. All participants of the meeting can see these comments.
- The Record icon allows the student to record the meeting to be viewed at a later time.
